SOURCES OF INFORMATION

Dont be afraid of the "left", "right", "Nazi", etc.

Read enough to know facts from fiction.

Challenge the sources when necessary.

Just keep reading. Too many are losing the point because of fixed ideas about the sources. Hitler probably lost the war because he killed and silenced Jewish scientists. Seekers of truths that might save our lives are losing the battle because of pre-conceived ideas about how information is disseminated.

Page 8 "What happened to the ashes?" "That they were disposed of in some way remains a possibility, since an open fire will not normally destroy the human body so completely to leave no traces!"

"Hugh Trevor-Roper" made some views, possibilities in his book. Absolutely not a single piece of evidence to support the guesses.

GEORGE SELDES to Mae Brussell, July 22, 1978
Rd. 1, Box 127. Windsor, Vermont 05089

"I like Paul Krassner's article about you, but the "Queen of Conspriacies" phrase put me off. In 68 years of newspaper work I have found few conspiracies. I do not believe in the conspiracy theory of history".

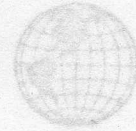

"The U.S. captured the names of 12 million Nazis abroad. Nothing on this subject has yet been published."

CIA TRIED TO HAVE OSWALD EXHUMED

UPI story, July 28, 1978
Washington, D.C.

This is a planted story.

Allegedly documented by W. David Slawson and Arlen Specter.
Both men CIA attorneys.
Both men suppressed vital evidence with Warren Commission.

The CIA did not want Oswald exhumed. They ordered the body cremated.

If they want him exhumed, call their shots. Ask Congress to dig him up today. HE WILL NOT BE IN THE COFFIN.

Document Addendum to the Warren Report

Introduction by David S. Lifton

Minutes of the meetings of Warren Commission members for Dec. 5, 6, 16, 1963, and Jan. 21, 27, 1964. Also March 16, April 30, May 19, June 4, June 23, and Sept. 18, 1964.

Sighttext Publications, El Segundo, Calif. 90245. 1968.

Out of print, hard to obtain. (for obvious reasons).

Limited to early researchers who gobbled up everything we could get.

Page 162. Item H, under Roman Numeral II.

Chief Justice Earl Warren, "this man is buried in a cemetery, and it takes officers around the clock to watch him, watch and see that THEY don't come in and exhume him and do something that would FURTHER INJURE THIS COUNTRY".

"It has been suggested (by whom? who suggested this to the Chief Justice?) that to save expense, they exhume him and then cremate him."

"The question might arise before this thing (what is this thing he is talking about?) as to something on that body now. I don't know what it is." (they didn't tell him? They only suggested it be cremated?) It might be the course of the bullet. IT MIGHT BE SOMETHING ELSE"

Position Paper, Mae Brussell, for Congressional Investigation
Sept. 17, 1976 \$1.30 + .45¢ postage.

Page 9. "Look out for planted evidence, accessories after the fact by CIA " while investigation working. There are professional forgers in the White House. The CIA plants documents to distort our history. Facts are in the body, buried in Texas, and not on pieces of paper delivered to UNITED PRESS INTERNATIONAL, a CIA conduit for releasing disinformation.

Write members of the Committee. "DIG UP OSWALD".
