**PATHOLOGIST COULD NOT DETERMINE DIRECTION OF FATAL HEAD SHOT**

United Press 8/16/78

Dr. Michael M. Baden

The X-rays, autopsy report, pictures and diagrams produce evidence "entirely consistent" with police findings that the shot came from a rooming house bathroom....but he could not rule out the possibility it might also have come from one other spot, a bushy area alongside the rooming house."

ON THE DIRECTION OF THE FATAL SHOT

page 294.

"Twenty feet below the bathroom window..there is a vacant lot.. covered with bushes 12 to 15 feet high. Dr. King's chauffeur, Solomon Jones, told reporters a few minutes after the shooting that "just after the shot fired, a man with a sheet over his head ran out of the bushes heading south".

"Cornbread" Carter, another witness, said he saw "the man" fire the shot from the bushes and then "take off".

"From a concealed position in a firehouse..police were watching the area of Dr. King's room. Both firemen and policement..heard the shot, and they all thought it came from the bushes, not from any window 20 feet above."

RANDOLPH IRVIN ROSEN, GEN. CLYDE J. WATTS, MAJ. GEN. EDWIN A. WALKER

James Earl Ray testimony:

"Coming from Mexico to USA, via Tiajana, a card belonging to Mr. Randolph Irvin Rosen was in my car".

"Upon request, THE LATE Clyde Watts, Oklahoma, investigated in 1964 and reported there after that Randolph Irvin Rosen was in fact Randolph Irvin Rosenson".

Volume XI, Hearings Before the President's Commission on the Assassination of President Kennedy, Pages 404 - 428

Testimony of Maj. Gen. Edwin A. Walker and Gen. Clyde J. Watts

Volume XXVI, Hearings, pages 473 - 481

William McEwan Duff, formerly employed by Gen. E. Walker, saw Ruby at Walker's house, fled to Oklahoma, employed by Clyde J. Watts.

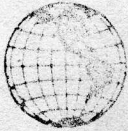

James Earl Ray testified Mr. R. Rosen worked for the "FBI".

How did Ray know about Attorney Clyde Watts?

Why did he refer to "1964", long before the King murder? During

1964 Watts and Walker were cleaning up the Kennedy murder. They hated John and Robert Kennedy for their Civil Rights actions.

### ABOUT ROSEN, ROSENSON, RAOUL?

Congressman Stokes, "About the car, Rosen, what would that tell us about Raoul?"

James Earl Ray "I found out about his correct name, Rosenson, from an attorney in Memphis, Merchant J. Ryan, and he went down and got the transcript from the fifth circuit archives and I threw it away because the only thing I wanted to know was the fact that Rosenson was a pauper but he had three or four expensive attorneys from New Orleans. And later Mr. Ryan told me Mr. Rosenson was an FBI informer..so I THINK THINGS LIKE THAT SHOULD HAVE BEEN LOOKED INTO and I dont know if they ever were or not."

### CHARLES STEPHENS

Drunk "witness" to man leaving rooming house where Ray's rifle was left under the bed. Star witness if Ray had a trial.

GRACE WALDEN STEPHENS, Common-law wife

"Saw a man much shorter than Ray, weighing no more than 125lbs. Grace locked in "mental" institution for ten years.

Mr. Wilson, Witness who saw James Earl Ray at the service station at the time Rev. Martin Luther King was shot, died Aug. 5, 1978, TWO WEEKS BEFORE THE HOUSE SELECT COMMITTEE HEARINGS.

QUESTION: WHY DID MARK LANE, ATTORNEY FOR JAMES EARL RAY, REFER TO "Grace Walden" before the committee, without demanding her testimony that a man other than James Earl Ray was leaving the rooming house.?

Mark Lane is leaving Los Angeles, Calif. and moving to Memphis, Tenn. Grace Walden will accompany him and move back again to Tenn.
