OTTO ALBRECHT VON BOLSCHWEIGN is a sick, tired, old man.

The Nazi Odessa, the Bormann Brotherhood, the Spider has trapped the United States. It is alive, well financed, and has brought us to the brink of World War III, pollution of earth, sea, and skies, created bankruptcy of the federal government, causes mass starvations, and will insure world revolution and created chaos.

Pete Carey's "Ex-Nazi's Brilliant U.S. Career Strangled in a Web of Lies" was first published in the San Jose Mercury, Nov. 20, 1981.

This article began in a search for connections of CIA agent Frank Terpil to Stanford Technology in Sunnyvale, Calif.

What followed was the location of one single man who is the example and the epitome of what has happened to the United States since World War II.

Every single lead should be, and will be followed, by researchers for years to come.

Here are the threads of the destruction of the United States as the form of government intended until multinational corporations, and greedy individuals, who originally financed Adolf Hitler and Benito Mussolini and Francisco Franco, decided that Fascism was a better security for their investments than a Democracy.

Von Bolschweign inherited the Reinhard Gehlen operation after Gehlen became chief of Intelligence in Germany following WWII.

These individuals, thousands of them, worked with Allen Dulles and William J. Donovan for the OSS, U.S. Intelligence at the same time they were serving Hitler-Himmler's SS Gestapo, and while our soldiers were still dying at the Bulge to stall flight of German gold and capitol to South America, Spain, Africa, Asia, and USA. Swiss Banks

The career of Otto Albrecht Von Bolschweign must be scrutinized, hour by hour, day by day, from 1941 to the present. And when he dies, those living, whom he worked or contacted, must be brought forward for examination of links to today's violence, bombings, assassinations, coup d'etats, defense contracts, espionage with Nazis in every country preparing to surface at this moment.

The Iron Guard, Nazi massacres, and the flight of those persons to the United States. Links to Sen. Richard Nixon, President Nixon. Nicolae Malaxa, Valerian Trifa, Otto Von Bolschwing, Bank of America, Nixon's Whittier office, dummy front for Odessa, Argentine Nazis. Adolf Berle, State Dept. Whittaker Chambers, Nixon, Alger Hiss case.

The Gehlen Operation, Reinhard Gehlen was chief of Hitler's Eastern Intelligence, brought to the USA, 1945-1947, to organize our CIA, patterned after Adolf Hitler's government. The new National Security Council in the USA, by 1947, removed all power from Congress.

Warner-Lambert, Elmer Bobst, Relationship of Gehlen organizer Otto with Elmer Bobst, Richard Nixon's 1962 ascendency to become President. Gehlen agents directly linked to assassination of Presidency J.F. Kennedy, allowing Nixon to become President, after he lost 1960 election to JFK.

Thomas Franziosi, First National Bank of Boston, Cabot Manufacturing with German headquarters, \$50,000,000, Von Bolschwing. What common links to Robert Maheu, CIA, FBI, assassination teams in USA, with Aristotle Onassis, Hitler's Hjalmar Schacht, and Odessa organizer SS Otto Skorzeny? Introductions, world-wide, bankers, countries, for Otto.

Emanuel Fthenakis, ITT, Ford Aerospace, Fairchild, Philco. What European introductions with Otto Von Bolschwing? Were these corporations the cover for Nazi-CIA, Gehlen, regrouping after WWII? Skorzeny, Gehlen, and Schacht were sent to "train" Gamal Nasser, Anwar Sadat, Idi Amin, and the PLO. Nazis, CIA, murdered Salvadore Allende in Chile. Which business covers and introductions did Von Bolschwing use, and how many worked together on this project?

Ronald Reagan and Helen Von Damm. Nov. 20, 1976, Reagan first announced his candidacy for the Republican presidential nomination in 1976. Four years later, Reagan began his Nazification policies. Helen was Reagan's secretary in Sacramento. When he was elected President, she moved to occupy the room directly next to the Oval office. Helen Von Damm was German translator for TCI, Sacramento offices of NAZI GEHLEN ORGANIZER OTTO VON BOLSCHWING. Is she part of the imported, Vienna, team of Gehlen-Von Bolschwing? AMA, Detroit, Warner-Lambert?

OSS, CIA, GEHLEN OPERATION. CIA Director William Casey helped set up these links. His international clients, law offices, are a Who's Who of espionage, multinational rip-offs, political assassinations and intrigue. Coup d'etats for profit, not because "Russians are coming."

Alexander Haig, Fritz Kraemer, Henry Kissinger, Vice-President George Bush, Gen. Vernon Walters, National Security Director Richard Allen, and top State Department officials, Defense Industries and Intelligence Agencies are all responsible for the GEHLEN, ODESSA, NETWORK THAT THRIVED AND STRANGLED AMERICA.

Simon Weisenthal, and Jewish organizations serve the world and the Jewish community like Dr. Rudolph Kastner assisted the Zionist Movement. Millions of Jews were traded for a few bucks and associations with the SS Gestapo. Otto Von Bolschwing's name only surfaced by accident during a hearing on Nazi Valerian Trifa in 1979. Adolf Eichman, Von Bolschwing's close associate, co-worker, was tried and killed as a war criminal. Von Bolschwing survived the SS, OSS, CIA, Defense Department, to become president of TCI, highly technical and secret organization. TCI folded in 1971, Von Bolschwing's name was kept out of the news even though TCI "was possibly the biggest stock fraud in California history".

The Warren Commission excluded the Nazi connections to the Assassination of President Kennedy. Allen Dulles, former CIA Director fired by JFK, worked directly with Otto Von Bolschwing's agents located in Dallas-Ft. Worth, New Orleans, Miami, Mexico.

The House Select Committee on Assassinations, 1978-1979, refused to accept evidence of Nazi Gehlen agents involvement in Kennedy murder.

More than John Kennedy and Robert Kennedy died. The electoral process was replaced with Nazi-Gehlen, OSS-CIA, FBI-DIA, DISC bullets.
