WORKING FOR THE CIA, DIA, DISC.

The Constitution of the United States made no provision for the Central Intelligence Agency or the National Security Council.

General Reinhard Gehlen, Adolf Hitler's Chief of Intelligence, was flown to the Pentagon five months after World War II ceased. Gehlen was hired by the USA to form our National Security agencies identical to Hitler's Gestapo. US training of torture and police for poor nations were methods used, and approved by Gehlen, for the CIA.

The CIA has been working directly with Gestapo agents for the sole purpose of World War III against the USSR, mass slavery for economic profits, and mass genocide for the "containers" to be "vaporized" Defense Dept. memo on Blacks, King Alfred Plan.

CIA Director George Bush, from 1976-1977, knew in advance, and covered up, the murder of Chilean Ambassador Orlando Letelier and Sandra Moffitt. Sept. 18, 1976, they were blown up in Washington, D.C.

CIA Director George Bush - now Vice President Bush, entertained H. Mubarek in his home two days before Anwar Sadat was murdered. The CIA knew in advance of the murder plans, and that Mubarek would become President of Egypt within two days.

CIA Director George Bush worked directly with, or supplied weapons for murder and torture, to the CIA assassination teams of Edwin Wilson, Frank Terpil, George Korkola, and Theodore Schackley. There is never proof they ever left the CIA. Their expertise was to arm Idi Amin, Khadafy, and Carlos with weapons, training, supplies for death.

CIA Director George Bush headed, and once had to control, the Australian CIA Nugan Hand Bank. The bank collapsed when Frank Nugan was murdered. Fourteen other deaths followed immediately. London Times described the affair as, "The Bank, CIA, Heroin, and Murder". 8/31/80 \$55 million to \$1 billion CIA dollars are still "missing". While G. Bush was heading CIA, they were heavily involved in the South East Asian narcotic traffic and drug wars.

The "new CIA" purge after Watergate, claimed credit for more than 1,000 assassinations in the seventies alone. G. Bush had to be covering up or directing the bombings, kidnappings, drug traffic industry.

John Hinckley Jr.'s near bullet to President Ronald Reagan's heart is so closely related to the CIA, and George Bush affiliations in Texas and oil industry, that Hinckley has not yet faced a trial. Hinckley Jr. has been identified with the American Nazi Party, as well as international connections to Mahmet Agca, Frank Terpil, and the assassination attempt on Pope John Paul II.

EVERY UNPUNISHED POLITICAL ASSASSINATION makes the killer team more powerful over your lives. Human Rights, Civil Rights, Nuclear Freeze become impossible if Gestapo agents have future plans for you.
