WARREN COMMISSION HEARINGS, Vol. X

April 1, 1964

Albert E. Jenner with witness Clifton M. Shasteen.

Pages 309- 327

Shasteen "rendered tonsorial services to Lee Harvey Oswald."
Oswald could not have been in this shop, Irving, Texas, on those dates,
he didnt drive a car, and was never in the company of a 14 year old boy.

"Oswald double" had been in Mexico, believed in a one world dictatorship,
was arrogant, rude, unforgettable.

SOME PERTINENT QUESTIONS OF ALBERT GENERAL DYNAMICS JENNER, JR. PRESTIGIOUS COMMISSION, NOTED AND FAMOUS ATTORNIES, BEST IN THE NATION.

"On the occasions you saw this man would you describe his appearance
so far as his attire is concerned.? How was he dressed?"

"COVERALLS?"

"Let me get at these coveralls__ would you describe them?"

"They buttoned down the front and they had sleeves __it was a one
piece suit?"

"And covers you from top to bottom, full sleeves?"

"Did he ever get a shave? Shampoo?"

"What color did you say these coveralls were?"

"How was he dressed on other occasions?"

"They were the military -type?"

"They were loose fitting?"

"Even on other occasions, across the street, he had coveralls , the
military type coveralls on?"

"Would you describe the coveralls a little bit further?"

"Did they zipper or button down the front?"

"Did he normally have them buttoned to the top, or open at the throat?"

"He wore them with the collar up?"

"You remember one occasion when the coveralls , while they were long
sleeved, somebody had sheared off the sleeves on a particular pair?"

"Otherwise , the sleeves were always long down to his wrists?."

"It's hard to explain"

"Did the coveralls have pockets in them?"

"Would you give me __ what do they look like, looking at them just full
front?"

"(Pockets) "On each breast?"

"Was that a large pocket, large patch pocket?"

"Pockets on hip side?" "One pocket or two?" "Flaps or buttons?"

"Top flaps"? "Loose fitting?" "Rear pockets?" "Hip pockets?"

"Anything unusual about the pockets?"
