### HEAD OF ARMS FIRM ADMITS RECORD KEEPING VIOLATIONS

### CIA ANALYSTS FIND AERIAL PHOTOS OF AUSCHWITZ CAMP,

Washington Post, New York Times, L.A. Times.

Question: did this go on AP, UPI, Reuters?

My front page articles, pictures, didn't go on major wire services.

"April 10, 1944, American diplomats in Berne, Switzerland, told that 12,000 Jews being murdered each day."

"The subject of reconnaissances was the I.G. Farben synthetic oil and rubber works less than five miles from Auschwitz"

### POPE JOHN PAUL II

Born 1920, 19 yrs old when Nazis moved into Poland.

Worked at chemical factory "Solvay" Kracow, his home, next to all this.

Solvay combined with I.G. Farben during WWII.

Farben took over all chemical factories in Poland, set up counter-intelligence operations all over the world.

### LOOK, March 5, 1979

Pope John Paul II worked "as a laborer in a Polish chemical factory during the war. He was forced to go underground" when Nazis discovered he helped Jews escape".

He didn't go underground. He worked until moving to Rome, with Secretary of the Vatican Montini, who was busy writing false documents and passports for Nazi war criminals. Wojtyla was hand picked as Pope by Montini. (No autopsies after 1975).

### WATCH HIS POLITICAL ACTS, OR NON ACTS TOWARDS FASCISTS.

Don't be fooled by baby kissing, ground kissing, Public Relations hand outs. Nobody could live under Nazis, 1939-1945, see and smell so much death and torture, under his eyes, nose, and be so violently anti-communist, never saying a word about the Nazis.

POINCETTA PIERCE, New York Times, 2/9/79

1968 to a study commission on news media and broadcasting.

"Joined WNBC-TV 1973."

"Contributing editor to McCall's magazine and READERS DIGEST"

#### QUESTIONS

If worked for Rockefeller's commission, why didn't she tell 911 "Rockefeller had heart attack"? Why did she wait to come down and see for herself, and leave without knowing if he was dead?

Did she know Donald Segretti, Robert Haldeman, Ron Zeigler, Herbert Porter, Dwight Chapin, Gordon Strachan, also from USC at same time, later to run Nixon Dirty tricks, including murder, Chappaquiddick, Wallace, RFK, and subsequent cover ups?

Did Megan Marshack, David Lustig, from Encino, Calif. know Hughes top director, Bill Gay, also from Encino, Calif?

Did Ponchitta Pierce and Marshack, Lustig know each other before all "working for Rockefeller? Were they from J. Walter Thompson?

Why threats of permanent unemployment if staff members of the cooperative building discuss Rocky's death publicly?
